

# Cast Header Flanges

GM LS Engines

- Patented design (U.S. Patent US D700,554 S)
- Feature aerospace derived engineering techniques and metallurgical processes
- 316L Grade Stainless Steel delivers a very strong casting with heat and corrosion resistance
- Flange rib design gives exceptional strength and reduced weight
- A perfect match with Unique Headers 316L Stainless Steel cast tight radius header elbows
- Runs cooler due to increased surface area, thus further reducing tendency to warp

## Part Numbers, Specs, Pricing

Model	Part Number	Finish	List Price
General Motors LS	104012	Satin	\$175.00 (Set of 4)
	104013	Mirror Polish	\$199.00 (Set of 4)
	104015	As Cast	\$125.00 (Set of 4)
